A SANCT FOURTH.

Now that our merchants have arranged a grand display of fire works for July 4th, there is absolutely no excuse for that day not being a safe one in this community. One cannot look at the statistics upon this subject without serious reflection. In 1902 there were 992 killed and 3861 wounded on Independence Day. In 1902 (due to ten years of agitation for a safe fourth) there were 20 killed and 639 wounded. In that decade there were 39,608 people killed and wounded—nearly twenty regiments.

Fathers! Mothers! Do your part to make still greater reductions in casualties of this character in 1911, by refusing to buy explosives and implements of death for your children. Satisfy them by taking them to the grand display to be given by our local business men, under the direct charge of an expert, where young and old alike can enjoy themselves, without the slightest danger.

Eight accidents, regarded as fatal and dozens of minor ones, including three in our own county, is the record in Kentucky since our last issue, due entirely to speeding and recklessness of automobile drivers. A fine record this!

THE BANK STATEMENTS.

We wish to call our readers special attention to the bank statements appearing in this issue. It should be the source of a great deal of satisfaction to our citizens to know that they have such solid financial institutions at their disposal.

Read on "Bell of Home."

It is a source of interest and pleasure to note that one of our leading institutions, The Mount Sterling National Bank, occupies first place in the "Bell of Home" of all the National Banks in this state with a capital of \$1,000,000 or more.

The Bell of Home of the National Banks of the United States is a table prepared by the "Standard" from statements made to the Comptroller; and so far as given on this roll a bank must have surplus and undivided profits equal to or greater than its capital stock; and a bank's numerical position on the Bell is based on the percentage of surplus and profits compared.

There are only thirteen such national banks in Kentucky, and their standing on the Bell is in the following order:

Mr. Sterling National Bank,
Mr. Sterling.

First National Bank, Paducah;
First National Bank, Princeton;
Citizens National Bank, Louisville.

First National Bank, Paintsville;
Second National Bank, Bathurst;
Farmers National Bank, Angora;
Payette National Bank, Lexington.

Farmers National Bank, Danville.

First National Bank, Georgetown.

Union National Bank, Louisville;
Aspinwall National Bank, Aspinwall.

Lincoln Co. National Bank, Stanford.

Will Next Wed. in Winchester.

The second annual session of the Woman's Missionary Conference of the Methodist church closed here Thursday night with an address or social service by Dr. George Denquier, of Nashville, Tenn.

Thursday's work included several addresses, reports of the work of the society, reports of committees, election of officers, pledges, etc. All of the old officers were re-elected as follows:

Mrs. J. E. Grubbs, Winchester, President;

Miss Lewis, Lexington, first vice president;

Miss Kate Campbell, Nicholasville, second vice president;

Mrs. H. S. Lowry, Nicholasville, third vice president;

Mrs. J. H. Sistrunk, Lexington, fourth vice president;

Miss Julia Durham, Danville, corresponding secretary of foreign department;

Mrs. J. H. Spillman, corresponding secretary of home department;

Mrs. J. M. Dolby, Burnside, regarding secretary;

Mrs. W. H. Garnet, Winchester, treasurer.

Three invitations were extended for the meeting in 1912 and that from Winchester was accepted. The meeting was well attended.

Good Work Week.

The good work meeting held at Sike's Woods, Thursday afternoon, was attended by a number of local business men and a large number of residents on the River road. The meeting was a very educational one. Mr. W. R. Thompson acted as chairman and excellent speaker presented fully recently named by the Business Men's Club of this city as the Morganfield County Fiscal Court. The amount was just \$1,000 contributed appropriate \$2,000 for the improvement of the North Main street road, the business men would guarantee to raise \$1,000 making a total of \$3,000 for the improvement of the seven miles of road to the Morganfield line. The meeting was for the purpose of asking the citizens to subscribe one-half of the amount mentioned by the business men of this city. The people living on this side were very enthusiastic and assured the business men that their portion would be forth coming. Mr. James, the Government Road Route Engineer, assured the gentlemen that a government engineer could easily secured without cost to oversee the construction. The road seems to be a certainty.

C. E. Talbott Returns

To Gain His Bride.

Mr. Clarence Edison Talbott, of Winona, S. D., and Miss Anna Burgy, of Louisville vicinity, were recently married.

The bride is the very beautiful and accomplished only daughter of Mr. and Mrs. Frank Burgy, one of the progressive farmers of the old Commonwealth, owning and operating farms in various parts of the Blue Grass section.

Mr. Talbott is a member of the noted Kentucky family of that name, being a cousin of Robert Talbott, attorney of Paris. He received his education at Kentucky Classical and Business College, under Milton W. Elliott, and at Transylvania University, graduating from the law department with the class of 1902, leaving for the West immediately to seek his fortune.

He has for some time been a member of the firm of Dougherty & Talbott, of Winona, S. D., one of the leading firms of that state, and to which place he will take his bride, having already a beautiful home awaiting their coming, and to which they go after a few weeks spent with relatives in various parts of the State.

They are expected shortly to visit his parents, Mr. and Mrs. T. C. Talbott; sister, Mrs. W. H. Nugent, and relatives, Dr. and Mrs. A. G. Payne.
